

# Barrique Water Butt

# Barrique

## Barrique Water Butt

Modelled on an old oak barrel, the Barrique is an attractive water butt with a realistic wood effect finish. The Barrique has a truly superb level of detailing.

This space saving water butt is a classic design and will look good in all types of gardens.

The butt features a ¾" brass connection point for a screw in tap and a side outlet for draining or connecting to another tank. Supplied with brass tap.
