

Rustico Water Butt

Rustico

Rustico Water Butt

The Rustico combines rustic garden charm with modern durability. Styled like a traditional wooden planter, its deep walnut wood-grain effect blends beautifully with decking and natural outdoor spaces.

Made from high-grade, UV-protected polyethylene, it offers the look of timber without the maintenance, resisting fading, cracking, and weathering throughout the seasons.

A wide rim provides easy access for dunking watering cans, making garden watering simple and efficient. A metal 3/4" threaded connection point approx 30cm from the ground allows a tap to be connected if required.

For added safety, the removable child-proof lid secures with a supplied safety screw.

Dimensions

Height: 100 cm

Diameter Top: 78 cm. Diameter Bottom: 54.5 cm

Capacity: 275 Litres (60 gallons)

Walnut wood effect barrel style butt

3P Product Code 9000720K
